

AGRICULTURAL DRIVE BELTS

CRP

CARLISLE

BELTS BY TIMKEN

ENGINEERED WITH MAXIMUM STRENGTH & STABILITY TO KEEP FARMING EQUIPMENT IN MOTION FOR LONGER!

Our Agricultural Belts Go Where Others Can't!

Built for outstanding protection against heavy-shock loads, high-temperatures, extreme weather conditions and regular abrasion and abuse. Our range of Carlisle® Belts maximise productivity and minimise cost on agricultural machinery all-season long.

- ✓ Tested over 1000s of hours in harvest conditions for proven-performance.
- ✓ Guaranteed to outperform OE parts on over 22,000 machines and vehicles.
- ✓ 1-Year Ironclad manufacturer warranty on all high-performance Carlisle Belts.

FEATURED PRODUCT

HI, HJ, HK, HL, HM, HN, HO & HQ SECTIONS

AGRICULTURAL ROTOR CVT BELT

Introducing the Agricultural Rotor CVT Belt a member of the industry-leading Super AG® Range by Carlisle® Belts. Designed for trouble-free transmission on aggressive

- Heavy-Duty Tooth Covering Protects Against Adverse Farming Conditions
- Raw-Edge Belt Construction Boosts Power Transmission and Belt Stability
- Superior Clutching Fabric Delivers a Strong and Stable Grip on the Belt Pulley

MACHINES

- Combine Harvesters
- Fan Units
- Cane Harvesters
- Cotton Harvesters
- Forage Harvesters
- Balers
- Mowers
- Tractors
- Gators

APPLICATIONS

- Header
- Separator
- Launder
- Peeling
- Main Clutch
- Hydraulic Pump
- Reverse Box
- Variable Speed Gearing
- Underpan Driver

HA, HB, HC & HD SECTIONS

AGRICULTURAL V-BELT

The industry's best in power transmission built rougher, tougher and ready to power the meanest outdoor power equipment and farming machinery.

- Extra-Strong Aramid Cords Boost Belt Strength in Extreme Operating Conditions
- Heavy-Duty Clutching Covers Grip Stronger for Longer for Outstanding Belt Stability
- Oil- and Temperature- Resistant with Anti-Static Properties to Slash Downtime

HAA, HBB & HCC SECTIONS

DOUBLE-ANGLE V-BELTS

Featuring double-sided v-sections for equally-loaded power transmission from both sides of the belt.

- Double-Wrapped Fabric Covering Delivers Superior Resistance for Maximum Belt Life
- Centrally-Located Belt Core with Specialised Compounds Boosts Horsepower Capability
- Outstanding Resistance to Abrasion, Heat, Grease, Ozone and Weather Conditions

HF 2.8 - 6.0 SECTIONS

AGRICULTURAL FLAT BELTS

Built to match OEM requirements for tension, flexibility and life expectancy as a drop-in replacement for flat belt drives.

- Improved Flexibility for Consistent Performance Across Small Diameter Pulleys

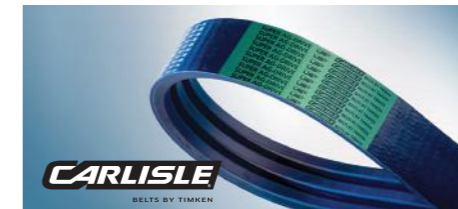

3L, A, B, AK & BK SECTIONS

ARAMAX® XDV BELT

Heavy-duty ARAMAX® engineering delivers maximum performance on drives with heavy-shock loads and backside-idler driven equipment.

- Unique Brown Clutching Cover Delivers Superior Resistance to Rollover and Whip
- Aramid Tensile Cords Carry Peak Loads with Strength and Durability on Aggressive Drives
- Dependable Performance on Backside-Idler Driven Equipment and Power Equipment

RHA, RHB, RHC, RH3V & RH5V SECTIONS

AGRICULTURAL BANDED BELTS

Featuring leading ARAMAX® engineering for extraordinary strength and stability on the world's toughest machinery.

- Heavy-Duty Aramid Cord for Extreme Strength and Resistance to Heavy-Shock Loads
- Double-Ply Engineered Tie-Band Permanently Bonds Belt Sections for a Smoother Operation
- Advanced Dampening of Vibration and Heavy Shock-Loads for Even Longer Belt Life

AVAILABLE TO ORDER

CHAINS, PULLEYS & BEARINGS

We supply Drives Chains, Martin Sprockets, and Timken Bearings to our agricultural distributor network.

- Agricultural Bearings & Chains
- Agricultural Pulleys, Tensioners & Idlers

H3V, H5V & H8V SECTIONS

NARROW-WEDGE V-BELTS

Combining premium-grade belt materials with design expertise for more horsepower, less stretch and longer service life on agricultural equipment.

- Super AG® Belt Range Built for Unequalled Performance on Agricultural Equipment
- Heavy-Duty Aramid Cord Delivers Longer Durability on Agricultural Applications
- Built to Deliver Greater Horsepower and Smoother Transmission on Narrow Drives

HPJ, HPK & HPL SECTIONS

AGRICULTURAL VEE-RIB® BELTS

Featuring diesel-grade construction and the outstanding strength and stability for diesel engines.

- Diesel-Grade Construction and more Polyester Cords per Inch than Standard Vee-Rib Belts
- Designed for High Torque Transmission and Power Pulses to Avoid Drive System Failure
- Superior Resistance to Abrasion, Heat and Oil with Ant-Static Properties for Engines

LET US HELP TO FIND THE RIGHT BELTS FOR YOU!

ABOUT CRP

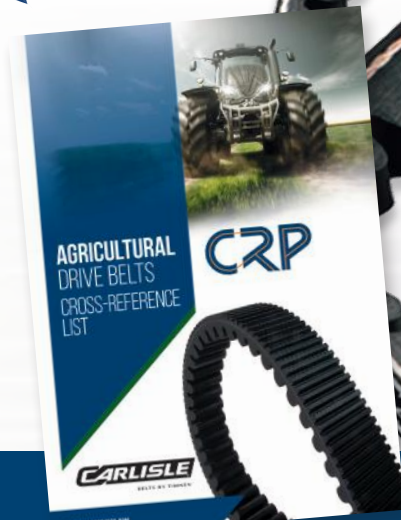

POWERING DRIVE SYSTEMS AROUND THE WORLD

Quality belts matter.

For **strength**, for **power**, for **stability**. From the largest oilfields to the smallest factories. Quality belts keeps drive systems in motion for longer. These are the belts we stock. **These are Carlisle Belts by Timken.** We value **excellence**. That's why we invest in partnerships with the best. **Those that don't compromise on quality.** To deliver **great products, great service and great people.** Those that do it better and quicker than others. All to become...
